2 KILLED, 31 INJURED IN TRAIN WRECK

SEVEN DEAD IN RECORD RAINS

ATLANTA, Ga., Feb. 28.—(UPI)—Four southern states were facing a growing flood menace tonight as a result of the almost continuous rain for the past two days. Seven lives were lost in Georgia, half a dozen rivers were raging torrents, hundreds of thousands of acres of farm land were under water and colossal damage was done.

Rail and highway traffic in the Carolinas, Alabama and Georgia was seriously impaired as the angry waters continued to rise. The Dixie highway between Macon and Terry, Ga., was closed, marooning hundreds of tourists seeking to return home after seeing the Sharkey, stumbling right in Miami.

Bridges were reported out in Alabama and South Carolina with flood damage to many highways. Trains in Alabama were indefinitely delayed because of washouts. The Tombigbee river at Tama Ala., was half flood stage with a crest of 43 feet predicted by the end of the week.

Paid Honor In Southland

CLARE D. HORNER, illustrious potentate of Aahmes Shrine who flew from Los Angeles to Oakland yesterday after being paid honors by the Los Angeles temple of the organization.

SIX KILLED, 3 HURT IN BLAST

ATLANTA, Ga., Feb. 28. (UPI)—Six men were killed and eleven injured at Stone Mountain near Atlanta late this afternoon when a huge compressed air storage tank exploded at the Stone Mountain Granite corporation's quarry, located on the slope of the famous memorial site.

The tank, located a short distance from the quarry office, burst while men employed at the quarry were grouped about the building, checking out after their day's work.

Three of the injured men were reported to be seriously, perhaps fatally hurt.

Eight of the injured workmen were rushed to Atlanta, 18 miles away, where they were treated at the Wesley Memorial hospital. Three were taken to the Stone Mountain sanitarium.

Son Burglar, Father Suicide

LOS ANGELES, Feb. 28. (UPI)—The code of A. W. Bragg, 49, led him to commit suicide by slashing his throat when he learned that his only son, William, 16, had become a burglar, police said tonight. The father's body was found on the roof of the creamery where he was employed.

Driver Saves Gas; Pays \$10

MARTINEZ, Feb. 28.—Deciding to save gas, A. Gianelli threw his car out of gear and coasted down Stewart Hill. He was halted by Traffic Officer M. L. Barber.

Toddy Gianelli paid a fine of \$10 to Justice of the Peace Frank Glass.

Pinole Road Contract Given

SACRAMENTO, Feb. 28.—Contracts for the paving of the state highway through Pinole and Hercules were awarded today to the Prentiss Paving company of San Jose. The low bid was \$159,905.05 for the job.

SHRINE HEAD ON FLYING TRIP

Breakfast in Los Angeles and lunch in his Richmond home four hours later, that was the experience of Clare D. Horner, Richmond attorney and illustrious potente of Aahmes Temple Shrine yesterday.

Hornet, in company with William F. St. Sure, director of the Shrine temple, had been in Los Angeles attending to details in preparation for the national shrine conclave to be held there in June. Urgent business matters demanded their immediate return to the bay region yesterday morning, and they took a Western Air Express plane at a Los Angeles field, a 9 o'clock flight and landed at the Oakland airport at 11:10.

Made Life Member

While attending the session of Aahmes Shrine temple of Los Angeles Wednesday night Horner was paid the high honor of being made a life time member of that organization. Horner was called before the gathering of 1,000 shrines in the southern city and presented with his lifetime certificate.

Man Caught In Act Of Looting Safe In Antioch

ANTIOCH, Feb. 28.—Trapped by police in the act of looting the safe in the Acme pool hall.

Thomas Firth, 32, employee of the Standard Oil company at Antioch was being held in the

company jail in Martinez today

Richmond was held for trial.

He was arrested for breaking

into the safe door and was

attempting to manipulate the com-

partment when Charles Golden,

night patrolman summoned to the

local refinery a few years ago.

Thompson was born in Carson City, Nev., in 1869. Later his parents moved to El Dorado, Calif., one of the first families to live in that section.

When he had reached his majority, Thompson came to Sacramento where he worked a short time in the Sacramento railroad shops.

Hearing of the location of the Standard Oil plant here, he moved to Richmond and entered the employment of that company. He has served them ever since—one of the oldest veterans at the local plant.

He was a member of the Aahmes Shrine, the McKinley Lodge of Masons, the Richmond Elks and the Odd Fellows of Sacramento.

Diseased is survived by his wife, Dexa Thompson, two sons, Louis and Chester, both of Richmond, and a daughter, Mrs. Sarah Rowell also of Richmond.

Funeral services are pending in the hands of Wilson and Kratz.

AT HOTEL CARQUINEZ

Arrivals at the Hotel Carquinez yesterday were: B. W. Stephens of Seattle; L. A. Randall of Pasadena; C. W. Carroll of Philadelphia; J. R. Anderson of Fresno Mr. and Mrs. C. F. Benoit, F. D. Park and J. Menges of San Francisco, and W. J. Sater of Sacramento.

BUILDING PERMIT

The final building permit for the month of February was issued at the city building inspector's office yesterday to Jesse Nazy, to glass in a front porch on Thirtieth street between Roosevelt and Grant avenues at a cost of \$500.

The program was opened with a piano solo by Miss Catherine Garvin. There followed several numbers by a trio composed of

Dear Mother Please Tie A String On Me

In them older days in the West, where men were men and women were not members of Congress, the cowboys branded the cattle owned by their employers with a red hot iron.

But times have changed. Today dogs are "branded" with string.

Two local scribes and tennis-maniacs yesterday received word that a Richmond woman was giving away some puppies. They tied themselves to the dog owner to claim their pups.

Thinking that the dogs were too young to be taken away from their mother, the two picked out the dogs they wanted and tied a string around their necks as a mark of ownership.

It wasn't stated what color or string the two used, but it is believed that one used a pink ribbon and the other a baby blue shade.

MODERNIZE HOME LOCAL GROUP TOLD

Although the average successful man of this day and age will not drive an automobile which is more than a month old, yet he will live in a home which is decades behind the times. Herbert Graham, Oakland pointed out to the Richmond Builders exchange at its dinner meeting in the Exchange building last night.

Graham spoke on "Home Modernizing" pointing out that although the possibility of new construction of apartments and office buildings was very poor for the next two years, yet the need of home improvements are so great that the building trades could be more than busy for years to come to provide all the

newer homes with average

modern conveniences.

A recent survey made by a national plumbers' organization revealed the fact that if every home in the United States were equipped with just the simplest

set of plumbing fixture it would

provide work for every master

boothocking establishment here to

day. Armstrong, according to a coroner's report, met death when a heavy revolving sign penetrated his brain. Williams was shot dead by George Hiles, said by police to be an employee in the establish-

ment.

MRS. VEALE HERE

Mrs. R. R. Veale of Martinez, wife of Sheriff Veale, was in Martinez yesterday attending the district convention of P. T. A. held at the Hotel Carquinez.

Joy was short lived for Dr. U.

S. Abbott when his fox terrier,

Browne, was returned to him

through an advertisement in the

RECORD HERALD several

months ago. Browne was returned

to her owner but not for long.

Two weeks ago she met her

match a bull pup in search of

battle. The bull pup found it.

After the smoke of battle had

cleared away, Browne was taken

to a dog hospital. But in spite of

expert care it was found that

Browne was in a serious condition.

Yesterday a decision was rea-

ched by Dr. U. S. Abbott, owner of

the pet, and the dog was shot.

THE TREASURY RECORD

Figures made public by the Treasury Department at Washington recently set out that the gross total of Uncle Sam's public debt on Dec. 31, 1928 was \$17,309,749,135, which was a decrease of \$726,603,315 during the year. It was stated further that cash in the general fund on the same date amounted to \$269,543,966.46 as against \$272,342,801.10 one year ago, and that the part of this money not needed to meet current expenses would be applied to reducing the public debt still further.

These figures give us a little sample of the government's financial housekeeping as conducted by Secretary Mellon and his assistants. A reduction of nearly three quarters of a billion dollars on the public debt in one year is certainly not a bad record. And in addition to reducing the debt in this staggering sum there was on hand for household expenses at the end of the year more than a quarter of a billion dollars, some of which, when the running expenses of the government were met, could be used to reduce Uncle Sam's debt still further.

Every year we have a report along this same line, showing a record for economy and business efficiency which has rarely been equaled anywhere at all in the history of the world.

There has been a steady reduction of the debt from the beginning of Secretary Mellon's administration of the treasury and at the same time federal tax rates have been reduced from time to time as the circumstances warranted. Secretary Mellon is hanging up a record that will stand out for a long time to come.

PRAISE FOR U.S.

Gen. Moncada, newly inaugurated president of Nicaragua, has praised the United States Government for intervention in that land and holding an election fair to all political parties. It is noted that he credited the Americans with conducting the election "in the most honorable manner that could be possibly conceived". Gen. Moncada was of the party opposed to that whose leader the Coolidge administration recognized as the legal chief executive, yet he is perfectly satisfied with America's participation in Nicaraguan affairs.

The Nicaraguans, it is submitted, ought to be the most capable judges of what happened when the United States marines policed the country and remained there until the national election was held. So far the Washington government has been praised by Nicaragua and Nicaraguans for its beneficent service to them. It would appear that this was evidence enough of the purpose served by Yankee intervention.

In view of which it may be recommended to some members of the American congress and to some critics of the United States in Latin America that they take the Nicaraguan estimate of his country and study it in revising their opinions of the action ordered. It has been merely neighborly and helpful.

LEAD PRODUCTION

Production of crude lead in the United States and Mexico during December totaled \$83,711 in short tons (2000 pounds) against 84,622 tons in November and 80,751 tons in October, according to the American Bureau of Metal Statistics.

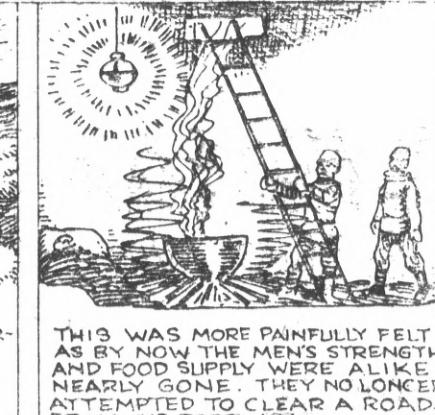

The production of refined lead totalled 79,098 tons in December; against 76,717 tons in November and 75,941 tons in October.

Stocks and refined lead in the United States and Mexico amounted to 44,788 tons at the end of December against 39,529 tons at the end of November and 41,495 tons at the end of October.

Having fed the hungry Belgians, it remains to be seen what Mr. Hoover's measure of success will be with the hungry politicians.

Mrs. S. B. Watson, Mrs. Billy Brown and Mrs. Ralph Bergen were elected yesterday to represent Club Mendelssohn at the annual meeting and election of officers of Contra Costa County Federation of Women's Clubs which will be held at Antioch March 13.

The regular meeting of Club Mendelssohn took place yesterday at the home of Mrs. E. L. Scottfield in Miramar Vista. An unusually pleasing program was presented during the afternoon under the direction of Mrs. Lee Friml, featuring the compositions of Rudolph Friml.

Following the program plans of Club Mendelssohn this year in featuring modern composers, Mrs. Friml told the tale of Rudolph Friml after which vocal, piano and violin numbers were enjoyed.

Mrs. Alice Metz, violinist played "Amour Coquette" and "Chansonnette," with Mrs. Myrtle Smith as accompanist. Mrs. R. M. Fahrenholz sang "Indian Love Call" and for an encore gave O'Hara's "World Weave

GAS PIPE LINE WILL COST MILLIONS

The Pacific Gas and Electric company has announced the approval of its regular annual budget for 1929, which will amount to \$29,966,554.00. This amount is exclusive of major construction activities.

The bringing in of natural gas involves a special appropriation of \$13,000,000 for a pipe line from the Buttonwillow and Kettleman Hills gas fields in Kern and Fresno counties to Oakland and San Francisco. This activity calls for the building of 282 miles of a 20-inch transmission main with which is will be possible to deliver gas at the rate of 125,000,000 cubic feet per day. A 10,000 cubic foot holder for natural gas will be erected in San Francisco. An 8,000 cubic foot holder will be erected in Oakland.

Building Large Dam

In the Electric Department there will be a continuance of the Salt Springs Hydro-Electric Development, a three year program to be completed in 1931 involving the expenditure of \$25,000,000. Through this development there is being erected on the Molcumme river, approximately 50 miles above Jackson, the largest rock-filled dam in the world. This structure will be approximately 300 feet high, with a crest length of 1,200 feet. It provides for the development of hydroelectric power as the demand warrants, with an ultimate development of 182,000 horsepower and in which is included the enlargement of the company's electric plant near Jackson.

New Steam Plant

At San Francisco work has been started on a new steam electric generating plant, involving expenditures in excess of \$11,000,000. This program calls for the rebuilding and conversion of the company's 5,000 horsepower steam-electric plant into one with an installed capacity of 300,000 horsepower. This plant will be the largest plant on the company's system and will have approximately three times the generating capacity of the Pit No. 3 power house in Shasta county, which is rated at 100,000 horsepower.

President Hockenbauer says: "These expenditures will be largely for the reinforcement and extension of the company's system to take care of the anticipated expansion in the commercial application of gas and electricity."

Sale Increase Shown

"With the year just ended, the company was serving 1,061,340 consumers, an increase of 36,623 over the previous year. The total sale of electric energy for the year increased 6.5 percent. The gas sales for 1928, show an increase of 4.2 percent with December showing the highest month's output in the company's history, an increase of 8.75 percent over December 1927. The connected load of electrical equipment on the company's system increased 8.25 percent during the past year.

Members sending in reports of minor infractions which do not endanger life.

"We want these reports to deal with important phases of safety," said Moore, "and not with common-place things which do not involve jeopardy to life or limb."

The records show that more and more people are interested themselves in the traffic problem areas sending in these reports. The idea is being ground that by reporting a driver who is handing his car in a careless manner, the Safety council member may be responsible for saving a human life."

The Safety council was informed by Miss Florence L. Anderson, executive secretary, that there have been 15 automobile deaths so far this year, a considerable increase over the figure of 1928.

Nine persons were killed by automobile in January, the largest January since automobile fatality records have been kept.

Attorney Slain In Business Row

CENTERVILLE, Ia., Feb. 28.—(UPI)—Enraged because of alleged business differences George Damyanich today shot and killed his attorney, D. Fulton Rice. The shooting occurred on the steps of the courthouse. Damyanich then walked into the county jail and surrendered.

He was wanted in Phoenix, Ariz., on a forgery charge, was denied a writ of habeas corpus in common pleas court here today. Dillon furnished bond of \$3000 and his attorneys announced a petition for a writ of error would be filed in the court of appeals.

industry along the bay shore and especially along the Richmond waterfront. He stated that many plants are forced to barge fresh water while the barrier would end their problems.

Costly Project

Schellier declared that delta formation, vitally affected by the water program are ready to contribute \$10,000,000 to the barrier construction plan. Building a dam across the dam he said, would provide as much as \$10,000,000 in tolls. Under such a plan he said, the border would not cost more than \$10,000,000. Bonds for this would be issued against the Northen California counties benefited by the dam.

The speaker struck the keynote of the situation when he told Governor Young that the Carquinez Barrier is a unit of the proposed Kenneth dam, San Joaquin Bay diversion system that cannot be eliminated.

Water Needed

"It is the intention to sell the water generated at Kenneth dam to industry, but if the north border is not assured of water there will be no new industries to sell to," Schellier warned. "Since 1913 there has been but one major industry to locate in the county. That is only because of the vital water shortage."

Governor Young declared that he had not given much time to the preparation before due to the fact that he has been working under steady pressure because of the thousands of new half-homes before the house, he stated that his interest has been aroused.

Support Possible

From all indications his support may be given to the measure which is now in the hands of the legislative water committee.

Last night committees from the Contra Costa and Solano counties delegations conferred with the water committee of the legislature and urged it to make a favorable recommendation.

Richmond was represented at the conference by Councilman W. W. Scott and Sanford.

ELKS, SAN PABLO PREPARE FOR CONTEST

Members of the Elks and San Pablo baseball clubs are preparing for action Sunday afternoon when they meet in a game for the benefit of the Richmond Boy Scout funds drive.

Only three men who played with the club last season will be in the lineup for San Pablo, according to Ted Clegg, team manager.

Murphy and Winkler are slated to pitch in the absence of Carl Kamb who will be unable to attend. "Khalil" Moitoza will be behind the plate; A. Moitoza will be at first; Scarce at second; and Jack Pinto at third. The remainder of the lineup has not been made public.

Either Dutch Koehler or the Dinnock will be on the mound for the Elks. Lee Johnson or Hansen will be behind the plate. Ewing, O'Rourke, Huzekka, Carson, Asaro and Zimmerman will be in the left field, and Braden, Johnson and Newell in the outfield.

The game will start at 2:30 at the San Pablo baseball diamond.

HOUSE PASSES DRY PENALTY INCREASE

WASHINGTON, Feb. 28.—(UPI)—The House today passed the Jones prohibition penalty bill, providing five year prison sentences and \$10,000 fines for big bootleggers by a vote of 283 to 90.

The house made no change in the bill as passed by the senate. It now goes to the president for approval.

Federal judges are empowered by the bill to discriminate between casual offenders and bootleggers who conduct the illegal traffic on a large commercial scale. It is intended that only the latter shall receive the maximum penalties prescribed by the bill.

Debate on the measure was followed closely by F. Scott McBryde, general counsel of the anti-bootleg league, in one section of the house gallery, while in another section sat representatives of the association against the prohibition amendment.

A declaration that the law was un-American was made by Rep. Irwin, Rep., Ill., who said it made a farmer liable to a five year prison term if he had a pair of cider in his home.

The necessity of more drastic legislation to curb the activities of bootleggers was argued by Rep. Moore, Republican, O., who said most bootleggers care little for the present \$1000 maximum fine.

Doctor Fined For Fist Fight

LOS ANGELES, Feb. 28.—(UPI)—Dr. J. H. Wolfe, bacteriologist who engaged Dr. George Parrish, city health officer, in a "scratches and hits" fight today was found guilty of disturbing the peace and fined \$100 with an alternative of 20 days in jail.

Dr. Parrish testified that Dr. Wolfe had called him a "laf" and said that he was "ring out of St. Louis under a cloud." Dr. Parrish said Wolfe struck him first, but admitted with a smile that he thumped his assailant twice.

Dr. Parrish formerly was city health officer in Portland, Ore.

Fairmede Golf Club Files Incorporation

MARTINEZ, Feb. 28.—Articles of incorporation were filed here today by the Fairmede Golf club, owners and operators of the property and clubhouse on the hills above San Pablo. The capital stock is fixed at \$30,000, of which 10,000 shares, valued at \$10 each, are preferred stock, and 20,000 shares, valued at \$10 each, are common stock.

The club was first organized several years ago but the original corporation failed, and the property was taken over by an association of creditors which acquired title and has since been operating the club as a public golf links. Nine holes have been opened for play with temporary greens.

Directors named for the corporation include O. W. Weinel of Oakland, A. S. Sherman of Oakland, Gwynn Office, Berkeley; J. R. Walsh, San Francisco; J. M. O'Farrell, Oakland; A. F. Henderson and M. Jacobs of Berkeley.

Y. L. I. CAGERS WILL MEET BERKELEY

The basketball team of Richmond council Young Ladies Institute, will play the Berkeley Institute cagers Wednesday night in Oakland Technical high school gymnasium. On the same night the Alameda and Oakland teams will also play.

These four teams are classed highest in the league and will compete for the championship cup.

Members of the Richmond team who will play Tuesday night are Helen Malone, Cecilia Demond, partners; Mary Gately, Louise Novarini, Gertrude Carey, Irene Carey and Evelyn Hurley, centers; Helen Gately and Agnes Ring, guards.

REVOLT PLOT HALTED IN HAVANA

HAVANA, Cuba, Feb. 28.—(UPI)—President Gerardo Machado issued a statement tonight regarding police announcements of discovery of a wide revolutionary plot in Cuba and assured the nation of her "future tranquility." The president was marked for assassination in the plot, according to the announcements, and a military disturbance was planned which would place the country in such turmoil that it was believed by the plotters that the United States would be forced to intercede.

A number of arrests have been made, including prominent political leaders in Cuba and police have warrants for the arrest of a number of others—73 persons in all.

Officials said they had found papers proving that many of the revolutionaries were outside Cuba, raising funds for the purchase of munitions for an armed revolt.

President Machado indicated the plotters would be dealt with firmly but he said "the country can rest assured that the law will be applied without passion and without exaggeration of any kind."

Volunteer Fish, Game Deputies Arrest Hunter

SAN FRANCISCO, Feb. 28.—The efficiency and worth of the volunteer deputy system as aid to the regular fish and game patrol force was proved recently when Captain Harold Ehreiser and Delbert Scott of Crannell, in Humboldt county, apprehended Jerry Oscar and W. L. McCollough and arrested them for killing and possessing a deer during the closed season.

The two men were arrested near Blue Lake and after taking them into custody the two volunteers phoned to Bill Lippincott, Captain of Patrol in charge of the Humboldt district. Lippincott met the men and brought the deer and the two alleged violators into court at Eureka.

Oscar entered a plea of guilty and was fined \$100. McCollough demanded a trial and he will be given a hearing at an early date.

PACIFIC COAST REGATTA PLANS

BERKELEY, Feb. 28.—The Pacific Coast Intercollegiate crew regatta on the Oakland estuary April 13, will be run off as nearly as possible in conformity with the rules and regulations in effect at the national regatta at Poughkeepsie, the committee in charge of arrangements for the California-Washington races will officially announce at its next meeting.

Plans which the committee, composed of California officials and coaches representatives of Washington, and leaders in amateur sport and civic life around the bay region, have under consideration include the following:

Construction of reserved seat bleachers accommodating two thousand or more people anchored on both sides of the estuary at the finish.

Shifting of the freshman two-mile course in such a way that this race will end at the same point as the junior varsity and varsity—the Fruitvale bridge.

Application to federal authorities to close the estuary to all traffic from 9:12 o'clock while the races are in progress.

Restriction of estuary privileges to no more than four craft—California coaching launch, Washington coaching launch, referee's speedboat and press boat.

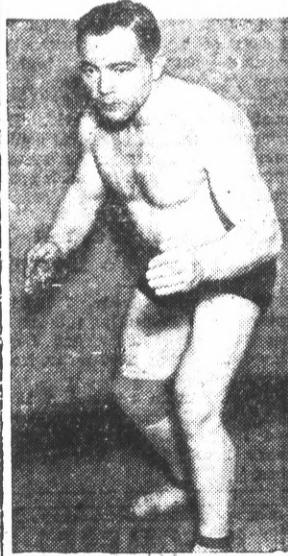

Broadcast of progress of race to spectators a finish by means of short-wave length apparatus on the press boat.

Introduction of the freshman and varsity four-oared races as sprint events between the eight-oared races.

Restriction of anchorage and mooring privileges to approved locations, with no shifting whatsoever during the races.

As indications are that the spectators of this year's race will constitute the largest crowd on record at any event of the estuary, most of the attention of the regatta committee will center on

providing facilities for the spectators. Final determination of most of the questions will be made at a meeting to be held soon in San Francisco.

FISH, GAME DEPUTIES LAUDED

SAN FRANCISCO, Feb. 28.—Conclusive data showing that the volunteer force of fish and game deputies, appointed after being sponsored by various fish and game protective associations throughout the state, has developed into an efficient and valuable unit in fish and game conservation work is given in the report of this work made by Captain Walter R. Welch, who is in charge of the force of volunteer deputies.

Welch covers the period of six months starting July 1, 1928, and ending Jan. 1, 1929, in his report made to the executive officer of the Division of Fish and Game. He explains that his facts are made up from the reports from the deputies themselves. These reports are required from each volunteer deputy.

The reports show that the 350 odd deputies sponsored by organizations checked 14,777 hunting licenses; 10,308 angling licenses; 4,837 deer tags; patrolled 421,108 miles of stream, field, bay shore, rivers and lakes during the period. They have arrested or assisted in the arrest of 219 violators of fish and game laws for which \$9,990 in fines have been collected.

Licenses Checked

In addition to these 64 arrests have been made and 10,672 angling and hunting licenses have been checked by federal forest rangers who have been named volunteer deputies of the Division.

The information contained in the reports of the volunteers indicate that much data on fish and game conditions and protection of wild life has been gathered. These reports indicate that deer and quail are on the increase and there is a marked improvement in the observance and respect for the fish and game laws.

Several important cases have been worked up by volunteer deputies in cooperation with regular field men. Welch calls attention to two cases, one in which Deputy Fred Post was assisted by volunteer deputy Lorenson in arresting a hunter for night shooting with a spot light. He killed a deer and was fined \$500 for night shooting and \$100 for hunting without a license.

J. H. Graves, regular deputy at Cloverdale, with Volunteer Ben Kettlewell of Calistoga, arrested two men for killing a doe. One was fined \$500 and the other \$250.

EDUCATES PEOPLE

There are numerous other reports of the cooperation between the volunteer and regular forces. In addition to their field work, the volunteer men have been of material aid in educating the people and building up sentiment favorable to the conservation and protection of wild life.

The volunteers have practically adopted the slogan of "know the law, obey the law and avoid the penalty for violation." Walter Welch insists.

Tuesday afternoon the local boys will mix with the Berkeley Yellowjackets here. Record attendance is expected at the contest.

Acamezo will be on the mound for the local boys in both games while Rosano will receive his offerings.

Roy Johnston Asks For Part Of Sale Price

PHOENIX, Ariz., Feb. 28.—(UPI)—Word was received at the Detroit Tigers camp today that Roy Johnston, young outfielder, purchased from the San Francisco club of the Pacific Coast league for a part of his \$70,000 purchase price, threatening not to report to the Tigers for training.

Manager Harris refused to comment on the matter tonight, although he intimated he believed Johnston would arrive ready to practice here Sunday with the rest of the Tiger squad.

The battery candidates today followed out their daily routine of baseball, volleyball and medicine ball.

Games between the regulars and Yannings will begin early next week, Harris said.

The club has received an invitation from the chamber of commerce to take a trip over Apache Trail Sunday.

3 Letter Men Backbone For Bear Net Team

BERKELEY, Feb. 28.—Three lettermen, including Captain Dick Hoogs, form the foundation upon which Coach Howard Kinsey hopes to build a winning tennis team at the University of California this year. Martin McKee and Ned Chasseur are the other two Big U men.

The Varsity team will open its season on March 2, when Occidental college will meet the Bears at Berkeley. The Burlingame invitational, in which the California team was to play, has been postponed until the middle of March.

Following several weeks of practice on the campus, Coach Kinsey has selected a squad of 12 men to which he will devote his entire attention during the remainder of the season. Nine of these men were picked on the basis of their past showing, with the remaining three selected after elimination matches.

The present members of the squad are Captain Dick Hoogs, Martin McKee and Ned Chasseur lettermen; Lloyd Budge, Bill Oney and Cecil Barrill of previous freshman teams; Warren Sisson, Bill Shofner and Shirley Ward, who were on the squad last year, and Francis Manis, Grant Levin and Edmund Levy, the three men who won their places on the squad through elimination matches.

Crowder Holdout

With Mickey Cochrane in the Athletics' fold, the American League's leading holdout appears to be Alvin Crowder, star right hander of the St. Louis Browns who has not reported at West Palm Beach. Crowder was the leading pitcher in the junior circuit last season, turning in 21 victories and losing only five games.

The Brooklyn Robins have a pair of stars, Dazzy Vance and McQueen, who are balking over the contracts offered them. Vance is asking for a new contract at \$25,000 a season and he is quite likely to get it.

Four Reds Out

Four members of the Cincinnati Reds are labelled as holdouts. They are Val Piechon and Hugh McMullen, catchers, Charley Dressen, third baseman, and Jackie Mays, pitcher.

Ad Liska, the Senators' promising rookie pitcher, has signed his contract leaving only three Washington players unsigned. They include Minter C. Hayes, Fred Marberry and Sam Jones.

Clark Griffith has sent an ultimatum to Hayes, the Minneapolis youngster who is slated to take Bucky Harris' place at second base, that he will either sign or not at all.

Among the Boston Braves' missing members are Joe Dugan, the veteran third baseman bought from the Yankees, Bruce Cunningham, brilliant pitching prospect from the Los Angeles Pacific Coast club and George Harper, veteran outfielder obtained from the Cardinals.

Direct telephone service from Loudon to Vienna, recently established via the underground cables laid by the Austrian government from Vienna to the Austrian frontier, has improved the service so that calls can be put through within three or four minutes.

Busy Bee Now Charged With Oversupply

NEW YORK, Feb. 28.—Scientists recently upset an age-old belief in the industry of the busy bee by discovering that bees are really lazy. And now along comes W. L. Davis, chairman of the educational committee of the Glass Container association with the grave economic charge that bees are guilty of overproduction even though they do not improve the shining honey as much as they once were supposed to improve them.

I-w Price of Honey

"Honey provides sugar in one of its purest and most delicious forms," says Mr. Davis. "But honey prices are so low that beekeepers have a difficult time trying to make an honest profit."

The bees of the United States turn out about 250,000,000 pounds of honey annually, which is just about twice as much as the American market consumes.

Property should be offered by a realtor solely on its merits without exaggeration, concealment or any form of deception or misleading representation.

It is the duty of every realtor to ascertain all pertinent facts concerning every property for which he accepts the agency, so that in offering the property he may avoid error, exaggeration and misrepresentation.

A realtor should never offer a property without the authorization of the owner.

The price at which a realtor offers a property should not be higher than that which the owner has openly agreed to take.

Before a realtor buys for a client property in the ownership of which he is interested, he should disclose his interest to all parties to the transaction.

Before a realtor sells property in the ownership of which he is interested, he should make it clear to the purchaser that he is acting solely for the owner.

A realtor when acting as broker should make it clear for which party he is acting and he should not receive compensation from more than one party except with the full knowledge and consent of all parties to the transaction.

Under no circumstances should a realtor permit any property in his charge to be used for illegal or immoral purposes.

In closing transactions the realtor should advise the use of legal counsel when the interest of any party to the transaction appears to require it, and in all cases he should exercise care in the preparation of documents so that they shall embody the exact agreements reached.

At the time the agreement is reached as to the terms of a transaction the realtor should fully inform each party regarding commissions and other expenses in which each is respectively liable.

Before the closing of a transaction, the realtor should recommend the examination of title and conveyancing papers.

All contracts and agreements to which a realtor is a party should be made in writing and should be complete and exact.

A realtor should never be instrumental in introducing into a neighborhood a character of property or occupancy members of any race or nationality, or any individuals whose presence will clearly be detrimental to property values in that neighborhood.

No instructions nor inducements from any client or customer relieve the realtor from his responsibility to strictly observe this code of ethics.

TWO ARRESTED IN CHICAGO DEATHS

CHICAGO, Feb. 28.—(UPI)—Jack McGurn, the dapper gangster, with whose arrest police announced yesterday they had solved the St. Valentine's massacre of even men, adjusted his neat blue polka-dot tie, glanced at his gold wrist watch, laid back on his cell cot, wiggled his toes and said: "Don't make me laugh."

Jack, in the police records, is reputed to be a hired gunman of Scarface Al Capone, and one of the men charged with participating in the slaying of the "Bugs" Moran gangsters.

"McGurn's" arrest has cleared up the case," assistant State Attorney David D. Stanbury said today. "He has been identified as one of the massacre slayers."

To this, McGurn, after posing in different positions for photographers, replied: "I didn't have anything to do with it. I was asleep at the time."

Authorities met the code of gangland—silence. "Molls" will talk but never squawk.

McGurn's attorney filed a petition for writ of habeas corpus before Chief Justice Sullivan of the criminal court and the hearing was assigned for Friday.

Accuses Police

McGurn, whose real Italian name is James Demore, turned the accusations towards the police department.

"Me in that gang killing?" he said in reply to questions.

"Don't make me laugh. If you want my theory it is, I think the job was done by a squad of detectives. They probably got a bum deal from the Morans and decided well, let's go in and knock the gang off."

"I think they'd get farther investigating the squads than arresting innocent men like me. I've been riding out around here since Jan. 31 and Steve (deputy commissioner of justice) has known where I was all the time. I'm shot at enough now without getting a bum rap like this."

Wounded Twice

McGurn, a former prizefighter was shot and wounded on two occasions. Each time, he refused to talk to police saying: "I'll get them."

Recalling both incidents, police had suspected McGurn in the St. Valentine massacre. Pete and Frank Gusenberg, two of the seven victims, had been charged with the attacks on McGurn and authorities believe the Capone gunman waited his chance to get even.

POISON PLOT PROBED BY SHERIFF

Every student in the El Sobrante school makes a deposit in the school bank each week, giving the school the honor of being the first in the district to be a 100 percent banking school. In honor of this achievement, the school was presented with a 100 percent banner.

Modernize Home Local Group Urged

this type in the average city of the nation Graham declared.

"We do not realize how fast our homes are becoming out of date until something calls it to our attention," the speaker asserted. "Many of us are living in homes that are 15 to 20 years behind the times and for a few dollars we could have all the beauty, convenience and comfort which the modern age declares is our right."

"Not only does it add to our own pleasure in life but it protects our investment in our homes by keeping them up to the minute in those conveniences which have been improved since the house was first constructed."

Graham urged the builders present to do their part in bringing to the public of Richmond a clavier consciousness which would bring about a modernization of old buildings which have become a sea on a skyline of grossness.

"Brother Bob," who had been scheduled to appear was unable to keep his appointment. E. H. Higgins, presided at the session. James Walker was chairman of the evening.

Horner described the coming convention which will be held on June 4, 5, 6, as one of the biggest events in Shrine history for the nation. It is expected that more than 250,000 shriners from all parts of the nation will attend.

It is expected that approximately 300 members of Ahmadi temple will attend. Of these, about 25 or 30 are Richmond members of the organization.

RICHMOND DOES NOT BELIEVE IN PUTTING ALL ITS EGGS IN ONE BASKET!

Richmond is a diversified community.

Diversification of holdings is a primary rule in the world of investment, and the rule holds good in planning for the largest and best community growth.

In past years petroleum shipments have been dominant because Richmond happens to be the home of one of the world's largest oil refineries. No doubt petroleum will continue to loom large in the cargoes that leave our waterfront. But we are moving now toward DIVERSIFICATION, which will not only make for safety in our community life as it does in the world of investment, but will greatly INCREASE our community income.

The new Parr-Richmond terminal on the inner harbor is being built to serve an entirely new area and will no doubt handle an entirely new line of tonnage—tonnage which will be developed as a result of locating NEW AND DIFFERENT industries on lands just being opened up. Such lands are available in the immediate vicinity of the new Terminal and at East Shore park, just taken over by the Parr Terminal Co., as well as at many other points in Richmond.

New Industries in Richmond will send their tonnage over Richmond terminals and these new and modern terminals will attract an increasing amount of cargo from the great bay shore manufacturing region, as well as from the valleys. That tonnage will be of great variety and huge volume, as attested by surveys made while the new inner harbor facility is in progress of construction.

Shipping, manufacturing, commerce, new people coming here to live, merchants doing more and more business—all these factors for a happy, prosperous and growing Richmond. And Richmond can look confidently to the future because its success does not depend on any one factor or any one industry.

Richmond is a DIVERSIFIED community.

Remember, THINKING prosperity helps to BRING prosperity!
